PROFESSIONAL EXPERIENCE

CONNECTICUT INTERLOCAL RISK MANAGEMENT AGENCY, New Haven, CT

1996 to 2000

Risk Control Consultant - Property Specialist

Managed property loss prevention consulting services to over \$1 billion of valued property for municipalities, local public agencies, and boards of education throughout Connecticut. Reduced the number of property claims through a comprehensive property inspection and follow-up inspection program.

- Conducted property site surveys, identifying construction type, occupancy, loss exposures and property protection features.
- Reviewed construction and property protection drawings for compliance with state and insurance industry codes and standards.
- Developed property protection and conservation bulletins, which provided our members with additional information concerning property protection and conservation issues.
- Developed and distributed loss prevention reports and assisted with the development of a property protection and conservation plan.
- Maintained the recommendation database in a DOS based application.
- Assisted colleagues with training programs to facilitate compliance with OSHA regulations.
- Developed and coordinated special property protection and conservation workshops.

FOXWOODS RESORT AND CASINO, Mashantucket, CT

1994 to 1996

Life Safety Reporting Technician

As part of the fire and life safety emergency response team, monitored and responded to facility emergencies. Provided assistance to the Mashantucket Pequot Tribal Nation Fire and EMS Departments during fire and life safety emergencies. Reduced fire and life safety exposures throughout the facility.

- Monitored fire and life safety systems of the facility.
- Conducted fire and life safety surveys of the facility and reported conditions to the Fire/Life Safety Coordinator.
- Responded to the fire and life safety emergencies and assisted with the mitigation of incidents.
- Directed the emergency response team according to the emergency response plan.
- Assisted the fire alarm and sprinkler system technicians with daily maintenance procedures.

NORTHEAST UTILITIES, Berlin, CT

1994 to 1995

Fire Protection Consultant

As part of the Fire Protection Engineering unit, developed and maintained a fire protection commitment database.

- Reviewed correspondence between Northeast Utilities and the Nuclear Regulatory Commission concerning fire protection issues at nuclear power generation facilities.
- Organized, planned, and developed the database layout and functions for retrieval of information.
- Composed the fire protection commitment database for the fire protection engineering staff.
